

1. For Samsung S7 QMASH main hub user section (top part where the user's picture and background is) is too large and takes up much of the upper space. Please reduce the size to the exact dimensions of the user section in the "invi" messaging app.
 - a. The user avatar needs to be centered in the section with the real first name and last name displayed on top of the user's username.
2. Also please mimic or copy "invi" messaging apps exact dimensions of the main hub window including its transparent window.
3. WE NEED BETTER ICONS!
 - a. We need better icons for all of the tabs/features. More modern yet still recognizable to the user.
4. User home page feedback
 - a. User homepage needs a lot of work! We have to get really creative about how. I know I provided some feedback on this already and you made design based off of this feedback but we need to make it better.
5. Messenger feedback
 - a. Overall functions work but it looks very unprofessional.
 - b. On Samsung S7 the color is dull and not white (It's bright white on IOS and other android)
 - c. When user clicks on the messenger icon
 - d. Messenger home chat screen displaying the active chats needs to be more "high-end"
 - e. When the messenger icon is hit, it should open up to a feed of the user's chats
 - f. Top bar should display the following in order from left to right
 - i. Three horizontal bar which takes user back to main hub
 - ii. Search icon
 - iii. Contacts icon
 - iv. Three vertical dots menu icon
 1. User should be able to scroll horizontally between
 - g. Within chat notes...
 - i. User's picture far left with user's real first and last name being displayed and underneath it the user's QMASH user name.
 - ii. Phone icon for calls
 - iii. Video icon for facetime calls
 - iv. Paperclip icon for attachments
 - v. Three vertical dot menu icon
 - h. We need better chat bubbles (more distinctive) between the user and who they're chatting with.
 - i. Move both call and facetime icons from bottom of screen to top of screen within chat in order mentioned above.
